

Board of Forestry and Fire Protection

Website Accessibility Certification

The Board of Forestry and Fire Protection (Board) is committed to making our website equally accessible for all visitors. The undersigned certify that, as of July 1, 2019, the internet website of the Board is designed, developed and maintained to comply with applicable accessibility laws including California Government Code Sections 7405 and 11135, and the Web Content Accessibility Guidelines (WCAG).

We strive to maintain all information at applicable accessibility levels, but some content – including historical documents, maps, third party documents, streaming video and archived materials – provides value to our website visitors but may not be fully accessible as of July 1, 2019. The Board continues to work diligently to make that content accessible.
